

2010-11 LCHS Extra-Curricular Guidelines

Introduction

The Little Chute Area School District is happy to have you be a part of its school Extra-Curricular programs. As an integral part of the total school effort and experience, the extra-curricular program is committed to excellence and designed to help our student/athletes become successful individuals and better student citizens of our school, community, state, and nation.

The academic program is our school's primary mission. However, participation in our extra-curricular program may open the door to definite opportunities and provide additional training and experiences not ordinarily obtainable in the regular curriculum. The choice in joining an activity indicates awareness on the part of the student/athlete and their parents to the extended benefits of this part of our educational curriculum.

The intent of the extra-curricular policy is to provide coaches, student athletes, and their parents or guardians with a reference to their responsibilities and our expectations for participation in the Little Chute Area School District's Extra-Curricular program. The school, along with parents and the community, will share the responsibility for advancing the extra-curricular philosophy during the year.

The student athlete's participation in the extra-curricular program is a desired but not a required part of the total educational experience. It takes a committed student to make the extra effort participation in the regular school curriculum and extra-curricular activity demands. Our expectations are listed in the form of specific rules and regulations for students who take part in the Extra-Curricular programs. Because of the voluntary nature of the extra-curricular programs, all students desiring to take part in this program and share the advantage participation offers will follow the rules.

We are committed to excellence in all programs involving the Little Chute Area School District and welcome you to the extra-curricular program.

Participant Expectations

Academic: A participant will pass all classes.

At the end of each grading period, teachers will notify the principal or designee of ineligible students due to academic failure or deficiencies. A Special Needs student’s academic eligibility is based on the success of their individualized educational plan (IEP). The athletic director will be responsible to notify all students of their ineligibility as soon as grades are posted. The athletic director/dean of students will be responsible for sending a letter to the parents of these students to notify them of ineligibility. The period of ineligibility will begin the day the student is informed of their ineligibility.

Upon receiving a failing grade or having a **1.667** or below GPA at the end of any grading period, the participant will be expected to comply with the following:

1. No competition for a **minimum** of 10% of the season. If, at that time, the participant is doing passing work, eligibility is regained; if not, the participant remains ineligible until he/she is passing. (The participant is expected to obtain an eligibility form, signed by all teachers to indicate that the student is passing all subjects.)
2. They will participate in all practices, competitions, meetings, or activities with the exception of early-release competitions.

Upon receiving a failing grade in more than one subject at the end of any grading period, the participant will be expected to comply with the following WIAA expectations:

1. No competition for a minimum of 15 school days. If, at that time, the participant is doing passing work, eligibility is regained; if not, the participant remains ineligible until he/she is passing. (The participant is expected to obtain an eligibility form, signed by all teachers to indicate that the student is passing all subjects.)
2. They will participate in all practices, competitions, meetings, or activities with the exception of early-release competitions.
3. The student athlete is ultimately responsible for his/her academic performance.

Athletic academic ineligibility due to fourth-term violations/failures may be regained during comparable and successful summer school completion. The student, parent/guardian, principal/athletic director are responsible to see that academic compliance is carried out.

Attendance

In order to participate in an extra-curricular event or practice, such participants must attend for the last two blocks of the day. Any deviation from this must be pre-arranged and excused by the building principal and/or the athletic director.

All participants are expected to be at every practice, competition, and/or group meeting. The quality of your involvement may affect your amount of participation.

Students that receive an unexcused absence are ineligible to participate in extra-curricular activities for that school day. This may include students removed from class for inappropriate behavior.

Students that are defined as habitually truant may become ineligible to participate in extra-curricular activities. Students that incur 5 or more tardies per season (a season is defined as fall, winter, and spring) may become ineligible to participate in extra-curricular activities.

The student, parent/guardian, principal/athletic director, teaching staff, and coach/advisor are responsible to see that attendance compliance is carried out. However, ultimately the student athlete is responsible for his/her attendance.

If a school day follows an activity/contest/performance, the student will be expected to be in attendance. If excessive tardiness or "illness" takes place on the day after an activity/contest/performance, an evaluation of the student's participation will be made. If a student athlete incurs a 20% absent rate during their competitive season, the student will be held out of participation for the next meet, game, performance, or contest.

Eligibility: To be eligible for Extra-Curricular activities, a student must comply with the Little Chute Area School District Policies concerning correct and legal enrollment and the rules and regulations of the individual activity associations (i.e. athletics-WIAA, forensics-National Forensic League, etc.)

Each school year, all students participating in athletics must turn in a parent/guardian signed Insurance Verification form and WIAA Physical Examination Card before receiving any equipment or participating in any practice sessions.

Each year, a statement signed by both student and parent/guardian indicating an understanding of the extra-curricular code must be turned in before a student may actively participate. The student, parent/guardian, principal/athletic director, coach/advisor are responsible to see that eligibility compliance is carried out.

Travel: All participants are required to travel to and from out of town contests with the team unless prior arrangements are made. These arrangements include the completion of a travel release form from the high school office that must be completed and given to the coach or advisor before departing for the event.

- The student, parent/guardian, coach/advisor, principal/athletic director are responsible to see that travel compliance is carried out.
- *Students who are in violation of the athletic code will not be released early for extra-curricular events.*

General Behavioral Expectations for All Extra-Curricular Categories

Little Chute School District expects students involved in the extra-curricular programs to represent their school, their community, their parents, and themselves in a positive fashion at all times.

Student participants must refrain from the consumption, distribution (including, but not limited to buying or selling), or possession of any amount of alcoholic beverages (Violation of Village Ordinance 12.01 adopting State Statue 125.07), tobacco products (Violation of Village Ordinance 11.15 adopting State Statue 48.983) or controlled substances (Violation of Village Ordinance 9.32 adopting State Statute 161 & 167.32). All General Behavioral Expectations are enforced throughout the entire calendar year (365 days).

This includes activities in which students volunteer to participate. It is understood that students should be encouraged to be involved in these activities; however, it should be stated that commitment to regular schoolwork should take precedence over involvement in any activities.

A student/athlete violating any of the Behavioral Expectation Requirements for the first time can earn a letter, but is ineligible to receive any individual awards such as captain, MVP, or All-Conference. If the suspension overlaps two (2) sports, the loss of eligibility for individual awards will only apply to the sport season during which the violation occurred.

Insubordination, illegal acts, or misconduct in direct violation of district rules and/or the philosophy and goals of the extra-curricular program result in ineligibility. Students who participate in socially unacceptable behavior may become ineligible to participate in extra-curricular activities.

Participants must refrain from socially unacceptable behavior. This means activities which are unlawful or which are viewed as contrary to the generally accepted moral and ethical standards of the community for the development level of high school students.

Students may be suspended from extra-curricular activities for unacceptable conduct. Such conduct includes but is not limited to the following action:

1. Defiance to authority
2. Disorderly or disruptive conduct
3. Fighting
4. Foul or abusive language or gestures
5. Illegal Gambling
6. Harassing, threatening, or intimidating others
7. Loitering
8. Possession of weapons or dangerous articles (as defined by state statutes and board policy).
9. Possession or use of tobacco in any form
10. Record and identification falsification
11. Setting false fire alarms
12. Misuse or destruction of any school equipment or facilities
13. Repeated tardiness
14. Theft, robbery, or extortion
15. Use, possession, sale, distribution or being under the influence of alcohol or any other illegal controlled substance
16. Vandalism
17. Willful disobedience
18. Arrests or convictions, such as an ordinance violation, a misdemeanor, or felony
19. Traffic violation on or adjacent to school property, related to student safety or contrary to the educational environment.
20. Hazing

REQUIREMENTS OF BEHAVIORAL EXPECTATIONS

CATEGORY I

This area includes all interscholastic athletic and other activities directly related to athletics where involvement normally occurs outside of the regular school day (football, basketball, volleyball, softball, soccer, baseball, wrestling, cross-country, track.) Letter and/or certificate awards are presented for successful completion of the activity as determined by the coach/ advisor and athletic director. The public is the primary audience. **ALL PARTICIPANTS AT ALL TIMES DURING THE CALENDAR YEAR (365 days) MUST OBSERVE THESE RULES.**

In order to join one of the interscholastic athletic teams at Little Chute, a student must attend the first organizational meeting for that team. In most cases, all students who wish to join a team may do so. However, some teams may require students try out for the team in order to become a member. In the case of fall sports, information is published in the July parent newsletter to let interested students know where the first meeting of these sports will be held. If you have expressed an interest in a particular sport, your name will be given to the coach of that sport. If you have not expressed an interest in a sport and wish to join, you can attend the team's first meeting or contact the athletic director's office at Little Chute so that your name can be given to the coach.

Parent/Self-Referral For Category I Violation

Student athletes in violation of the Behavioral Expectation Requirements that self-refer and/or are referred by parents within 72 hours of the violation, subject themselves to the following sanctions:

The student athlete must go through appropriate assessment. The student athlete and parent/guardian must meet with the athletic director and the appeals committee for approval to be reinstated. In addition, an athlete in violation of the Behavioral Expectation Requirements cannot earn a letter and is ineligible to receive any individual awards, such as captain, MVP, or All-Conference.

A student athlete found in violation of the Behavioral Expectations Requirements after LCHS begins WIAA tournament competition is immediately disqualified for the remainder of the total tournament series in that sport. (WIAA rules of eligibility)

CATEGORY II

This area includes school activities, which, for the most part, involve the student in competition against other students or are of a Category II nature where the student involved is representing the school (Color Guard, Destination Imagination, Forensics, Solo Ensemble, Pom Poms, Cheerleading, Academic Bowl, KMO (Knowledge Master Open). In most cases, awards and/or recognition are awarded for successful completion of the activity.

As with the interscholastic athletic program, students are provided with an opportunity to participate in a number of academic teams and other Valley Eight Conference sanctioned activities.

In order to join one of these activities, a student should attend the first organizational meeting. In some cases, all students who wish to join one of these teams or organizations may do so. In other cases, students must try out in order to become a member. Students should feel free to stop at the office for more information about these activities or contact the coach or advisor directly at the start of the school year.

The consequences for violations of Category II are the same as those for Category I Activities. **SPECIAL NOTE:** In the case of participation in school activities where there are a limited number of actual contests, performances, or events, suspension from a percentage involvement may be impractical. In these cases, the specific consequences for violations of eligibility rules in this category will be presented to the student by the coach/advisor after consulting with the administration.

CATEGORY III

This area includes activities in which students volunteer to participate (Academic Bowl, Class Officers, EARTH Club (Environment, Animals, Recycling, Trees & Habitat), FCCLA (Family & Consumer Community Leaders of America), Homecoming/Prom Court Members, International Club, Key Club, Men's & Women's Choirs, Musical/Drama, National Honor Society, Kickball, Pep Band, Ski Club, FBLA (Future Business Leaders of America), Student Council, SWA/SADD (Students With Alternatives), Talent Show Participants, TLC (Teens Listening & Caring). It is understood that students should be encouraged to be involved in these activities; however, it should be stated that commitment to regular schoolwork should take precedence over involvement in any activities.

The extra-curricular activities that are offered are designed primarily to meet the special interests that are expressed by students. This part of the activities program is composed of clubs and other recreational type activities that provide students with an outlet for their energies and interests. Involvement in a club activity also provides a student with the opportunity to meet other students who share the same types of interests. Students with a special interest can request that a club be formed during the school year by making a request to the high school principal.

There is no stipulated conduct or academic standards. Each advisor will monitor his/her respective group to uphold and maintain reasonable expectations. In cases where disciplinary situations arise, the advisor will confer with the activity director to determine appropriate action. Additionally, club with national affiliation (NHS, Student Council) will also comply with their national codes of conduct and behavior.

VIOLATIONS ARE CUMULATIVE

Violations relating to alcohol, tobacco, and other controlled substances shall be cumulative from year to year. One violation will be removed from a student's record if he/she does not commit a second violation for two or more years. For example, a student who commits one violation in the 9th grade and another in the 12th grade would have the 12th grade violation treated as a first violation. Students must continue to practice and attend meets, contests and activities with the team or other members of the event during a suspension period in order to regain eligibility, except for early-release competitions. (Exception: student athlete with three violations will not be able to participate with their team while under suspension.) If there are not sufficient events or activities remaining in a specific extracurricular activity/season to complete a suspension, the remaining portion of suspension will carry over into the next season/activity area in which the student participates. For athletes, the number of contests calculates the carry over percentage in the new season.

Process For Handling Violations

1. Any notification of violation(s) will be reported in person or by signed statement to high school administration soon as possible.
2. The high school administration will meet with the student to determine if a violation has occurred.
3. Parents & students will be informed in writing and/or by telephone of the nature of the accusation and penalty.

Penalties for violations apply to all Extra-Curriculars.

- Regardless of whether an activity has a specific season or is all year long, the extra-curricular participants will be subject to disciplinary action throughout the entire school year.
- When a violation occurs between activities, to regain eligibility the student must actively participate and successfully complete any and all activities in good standing before competing in the next activity.
- Violations will carry over from middle school to high school.

Students who are expelled and granted re-entry to school will begin serving athletic violations upon re-instatement. No credit is given for expulsion time served.

APPEAL PROCEDURE

This process recognizes the right of the individual. It outlines his/her recourse in the event he/she feels that the alleged offense did not occur or the proper procedures were not followed. The appeal procedure outlined hereafter is the process a student and his/her parents/guardians are to follow in appealing decisions relating to suspension.

1. An individual and his/her parents/guardians may formally appeal a suspension decision in writing to the principal within five school days from the time of the suspension notification.
2. The date for the appeal hearing shall be set by the principal to take place no sooner than two school days or longer than five school days from the date of the appeal request. At the written request of the student or his/her parents/guardians, the minimum time can be waived. The appeal is presented to an Appeals Committee comprised of two representatives from the Teacher's Association, preferably a coach from a sport that the student/athlete is not involved in, and another Association Representative, preferably a teacher from the school the student/athlete is attending. The remainder of the committee will be comprised of an administrator(s) and parent representative from the Extra-Curricular Committee. The Association appoints representatives.
3. Proceedings of the hearing, including the decision, shall be put in writing, and a copy of these proceedings must be mailed to the student and his/her parents/guardians within five school days.
4. If not satisfied with the decision of the Appeals Board, you may submit a written appeal to the Board of Education within five school days.

WISCONSIN INTERSCHOLASTIC ATHLETIC ASSOCIATION

The following is an excerpt of the WIAA rules of eligibility dealing with the conduct of athletes:

- A. A school shall have a code of conduct for its athletes, and it is strongly recommended that the code (a) designate the period of time involved in a suspension in advance of the school year and (b) be developed with the involvement of students, coaches and administration and adopted by the Board of Education.
 1. A student is required to follow the school's code of conduct on a year-round (12-month) basis.
 2. In-season violations of the school code will result in immediate suspension of the student from inter-scholastic competition for no less than one day of competition (but not less than one complete game or meet) for acts
 - (a) involving the use of alcohol,
 - (b) use, including chewing, of tobacco and/or
 - (c) use, possession, buying or selling of controlled substances.

Note: If a student denies violating code of conduct, the school must provide an opportunity for the student to be heard before the next interscholastic competition.

3. The school district will determine minimum penalties for violation of any other provisions of its code of conduct, including
 - (a) all out-of-season offenses and (b) any other unacceptable conduct contrary to the ideals, principles, and standards of the school and this Association.
- B. The minimum penalty for acts outlined in Nos. 2 and 3(b) above which occur after a school begins WIAA tournament competition is immediate disqualification of the student for the remainder of the total tournament series in that sport.
