

March 27, 2018

Dear parents or guardians,

When students return from Spring Break, the library will be celebrating **National Library Week**. Throughout the week, the students will be enjoying different activities both in the classroom and in the library that promote reading. One of the activities is a read-a-thon. Classrooms will be competing against the other classrooms in their grade level to win their class a movie and popcorn day. On **Monday, April 9th**, your student will be bring home a blue sheet where you are asked to document the number of minutes your student read each night this week. Please return it the next day as the teachers have to total the number of minutes to add to the chart by the library.

Thank you for your support and happy reading!

Mrs. Petkovsek
