

Hello LCASD Students and Families!

**UPATE: Please note the registration deadline has changed!**

Friends of Autism will be hosting the Walk-4-Autism on April 22<sup>nd</sup> at Tanners (Kimberly). We will once again have a Little Chute Mustangs Team walking. I encourage students and family to join in the walk as it helps raise money for local families needing funds for treatment, therapies, medical equipment, technology, and of course research! Let's join as one big team to support our students right here in Little Chute and the Fox Valley. Many of your teachers will be joining the walk!

**When:** Saturday, April 22<sup>nd</sup>

**Time:** Walk starts at 11 a.m. (arrive by 10:30 a.m. or earlier to get t-shirt and find parking. Also, there are a ton of fun activities going on for kiddos, so come early or stay late to enjoy the fun). Festivities start as early as 8:30 a.m.

**Where:** Tanner's Bar and Grill, 730 S. Railroad St, Kimberly

*\*In the past, there have been shuttle buses running from different parking lots. I will keep everyone posted when I hear more on that.*

**Sign up information:**

- Sign up here: <http://www.friendsofautism.org/Walk-4-Autism/Fox-Cities-Walk> by: **April 5th**
- Be sure to select **Little Chute Mustangs** as the team name!
- T-shirt included. 1-3 walkers: \$15/ea., 4th walker is FREE. Additional walkers over 4: only \$10/ea.

**Other important information:**

- Map of walk:  
<http://www.friendsofautism.org/Portals/0/PDFs/Walk%20Route%20Fox%20Cities%2020100611.pdf>
- Walk is approximately a 5k in distance. There will be a shortcut route that cuts it down to approximately 2 miles. Many families with young children and people with mobility challenges use the shortcut.
- Parents – when signing up, please sign up under your child's name (that way we know who to look for and who to get t-shirt pick up information to).

Did you know???

- In Wisconsin, at least one child is diagnosed with autism every day.
- Autism is now the most prevalent developmental disability.
- Prevalence in the United States is estimated at 1 in 68 births. ([CDC, 2014](#))
- Children and adults on the spectrum are AWESOME and have a lot of offer to our world. Acceptance and advocacy will brighten everyone's future.
