

Little Chute Area School District Technology Task Force Committee

"Fostering a Community of Learners"

The Educational Technology Task Force is comprised of those individuals involved in the instructional interface with students, those involved in establishing policy, those who provide administrative services, and those who have district-wide influence in the areas of curriculum, finance, professional development and student services. The Educational Technology Task Force also includes community and parent members to help provide the foundation for community-wide support and consensus building.

Mission: To provide a framework for all community learners to safely and effectively use technology to improve student achievement.

Vision: Accelerate and streamline technology initiatives while constantly seeking progressive opportunities to upgrade access, security, support tools; and skills to enhance utilization and student achievement for all learners.
