Photographing and/or Videotaping Students

Through the course of the school year, groups or individual students are occasionally videotaped and/or photographed in classroom situations, during fine arts performances, on field trips, for teacher training, or in extra-curricular activities, etc. The resulting photo and/or videotape may be used in a variety of ways; to promote our school program to the community, to instruct students or staff members, to orient new parents, staff, and students, to provide a souvenir slideshow for students involved in the activity, or to promote student teachers to possible employment opportunities. The final product could also take a variety of forms; photo displays, multimedia presentations, portfolios, newspaper or newsletter articles, video programs, or web pages. These photographs and/or videotapes will not contain any confidential information regarding your child other than their appearance and their name. Whenever possible, only the first name will be used. Newspapers require the use of first and last names. Phone numbers and addresses will never be included.

Pursuant to the Family Educational Right and Privacy Act and State Statute 118.125 (1) (d) any parent, legal guardian or eligible student (18 years of age or older) may identify their desire not to have their child or self photographed or videotaped. Please indicate if you give your approval or not.

Movie Viewing Permission for PG-17 or R Movies

Due to the content of some curriculum, students may view movies during the course which are highly applicable to the content of the class. Some of these movies however, may be rated R or PG-17. Although we would like all students to participate in class activities, Little Chute High School respects that you may not want your child watching R or PG-17 rated movies in school. For example: For the purpose of understanding racism and civil rights literature, a class might watch "A Time to Kill" based on John Grisham's best-seller. Please indicate if you give your approval or not so that we may adapt appropriately to your child's educational needs.
