It is never too early to start getting ready for school. Whether you feel your child is on-track or may need some help to get ready for school, a Child Development Screening can be a great first step in preparing for school.

Little Chute Area School District is pleased to invite all children, ages 1-4, who reside within the Little Chute Area School District to participate in Child Development Days. The first of two Child Development Days will be held on **Friday, Nov. 18th** from 9:00 to Noon at **Little Chute Elementary School**. If you are interested in having your child screened, please contact **Christine Chambers** at the Little Chute District office, **788-7605**, by **Nov. 11th**, to schedule a screening appointment for your child. Christine can be reached between 7:45 am and 3:30 pm, Monday through Friday.

At the Child Development Day, your child will be screened in a relaxed and friendly setting in the areas of communication, gross motor, fine motor, problem solving, and personal social problems. Following the screening process an educational professional will share the results with parents and address any areas of concern. The entire screening process will be completed within 45 minutes.

The Child Development Day is free and optional.
