

A teaching assistant is a must---to fill the room with so much trust. They help the teacher with all they do---may even teach a class, a time or two. From cleaning the paint brushes, to tying little shoes---there are so many things that they must do. They trace little hands, for memories to hold---make tiny ornaments for them to mold. They sing the songs, like no one can---to help them form a tiny band. They give them gifts, which are so great---and even help them clean their plate. They take them to the bathroom, many times again---as soon as they hear it, "it's let go my friend". No one else can do all these things---until the bell, it starts to ring. Then their day is finally over---to wake again and start it all over.
