

In the spirit of giving, the student council is sponsoring a giving tree outside the school store. This is how it works: There will be red and green paper ornaments hanging on the tree or on the tree skirt for you to grab. Green tags are for hygiene products which will be donated to the Harbor House. Red tags will be items for the Toys For Tots campaign for all ages. Take a tag, buy the item that's on the tag and bring the item and tag back to school. You can drop off your item by the school store, before school, at lunch, or after school. All items must be new and unwrapped. All items must be returned by December 13th. Please only take a tag if you are really going to purchase the item. We hope you find a place in your heart to give to someone less fortunate during the holiday season. Thanks for considering!
